Altiplano Reports Filing of NI 43-101 Technical Report on the Copper-Gold Resource for the Farellon Project in Chile

EDMONTON, May 28th, 2018 - Altiplano Minerals Ltd. (TSX-V:APN) (OTCQB:ALTPF) (FWB:9AJ1) (“Altiplano” or the “Company”) reports that on May 25th, 2018 it filed a technical report prepared in accordance with National Instrument 43-101 (“NI 43-101”) on the Farellon copper-gold deposit (the “Report”). The Report supports the disclosure made by the Company in its news release on April 10th, 2018 entitled “Altiplano Reports Maiden Inferred Resource At The Farellon Copper-Gold Project In Chile” and there are no material differences in the mineral resources contained in the Report from those disclosed in the news release.

The Report dated May 25th, 2018 is entitled “Technical Report For The Farellon Project, Coquimbo Region, Chile” and was prepared by independent “Qualified Persons” (as the term is defined in NI 43-101) Michael B. Dufresne, M.Sc., P.Geol., P.Geo., Alfonso Rodriguez, M.Sc., P.Geo. and Steven J. Nicholls, BA.Sc., MAIG of APEX Geoscience Ltd. of Edmonton, Alberta, Canada.

The Report is available for review on both SEDAR (www.sedar.com) and the Company’s website (www.altiplanominerals.com).

Michael B. Dufresne, M.Sc., P.Geol., P.Geo., is the Qualified Person as defined in National Instrument 43-101 who has reviewed and approved the technical contents of this press release.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the (TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release.

This release includes certain statements that may be deemed "forward-looking statements". All statements in this release, other than statements of historical facts, that address exploration drilling, exploitation activities and events or developments that the Company expects are forward-looking statements. Although the Company believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those in the forward-looking statements. Factors that could cause actual results to differ materially from those in forward-looking statements include market prices, exploitation and exploration successes, continuity of mineralization, uncertainties related to the ability to obtain necessary permits, licenses and title and delays due to third party opposition, changes in government policies regarding mining and natural resource exploration and exploitation, and continued availability of capital and financing, and general economic, market or business conditions. Investors are cautioned that any such statements are not guarantees of future performance and actual results or developments may differ materially from those projected in the forward-looking statements. For more information on the Company, investors should review the Company's continuous disclosure filings that are available at www.sedar.com.
